## **SUSTAINABLE**

Everything we buy supports the positive food future we want to see. We buy local, sustainably produced food and drink from independent suppliers, and support a lot of organic, Fairtrade, and social enterprise producers.

In the UK around 15 million tonnes of food is wasted every year. Around 30% of the UK's carbon footprint is related to food and food waste. That's where we come in! We intercept fresh, nutritious food that would otherwise go to waste and turn it into delicious meals.

## **ETHICAL**

As a social enterprise, profits from our cafe & catering operations subsidise our community focused work, providing meals and grocery parcels to people across Greater Manchester who are struggling with the cost of living.

## **OUR CHEFS**

Our kitchen operations are run by experienced and qualified chefs. Our menus are constantly changing to incorporate local, seasonal produce, and to use the beautiful ingredients that we stop from going to waste. Our menus are freshly prepared, and made from scratch.
